"State Level Seminar on IPR"

Organized by

Department of Chemistry

**Pramukh Swami Science and H D Patel
Arts College, Kadi**

(Managed by Sarva Vidyalaya Kelavani Mandal)

&

**HVHP Institute of Post Graduate Studies
and Research, Kadi**

(A constituent Institute of Kadi Sarva Vishwavidyalaya,
Gandhinagar)

Date: 15th September 2018

About the institutes:

Pramukh Swami Science and H.D. Patel Arts College, Kadi is the first higher education institute of the trust: Sarva Vidyalaya Kelavani Mandal, Kadi, established in 1965. The college is accredited by NAAC with 'A' grade (CGPA 3.20). The college is also recognized by UGC as the 'College with Potential for Excellence' and AAA Rank-1 by Govt. of Gujarat. The College offers undergraduate and post graduate programs in Arts, Science and Vocational Studies.

HVHP Institute of Post Graduate Studies & Research, Kadi, established in 2012, is a constituent Institute of Kadi Sarva Vishwavidyalaya, Gandhinagar. The Institute offers undergraduate and postgraduate programmes in science streams. At undergraduate level, the Institute offers B.Sc. in Chemistry and Microbiology, whereas at post graduate level, offers M.Sc. in Organic Chemistry, Analytical Chemistry, and Microbiology.

About the Seminar:

Individuals have thoughts and ideas, which if harvested properly through innovative work, may motivate individuals to go ahead and invent new products through which the society will be benefitted.

These new products will further inspire competitors to invent new products, thus boosting the economy. In the present day scenario, it would not be exaggerated to say that creativity and innovation is the key to successful business. Intellectual property (IP) refers to the intangible creations of the human mind, such as inventions; artistic & literary works; designs & symbols, images, and many others. Thus, IP primarily encompasses copyrights, patents, and trademarks. Intellectual property rights (IPR) is the legal protection utilized to ensure the innovation, mark name, plan and inventiveness behind the idea. IPR provide the proprietors the control over utilization of their licensed innovation to increase money related reward. The objective of the seminar is to therefore to provide a platform to the students, researchers and faculties to discuss the changing role of IP in economic, social, cultural and entrepreneurship development.

Seminar Schedule

Time	Programme
9:00 to 10:00 a.m.	Registration and Breakfast
10:00 to 10:30 a.m.	Inaugural
10:30 to 12:30 p.m.	<u>Session-1: Key Note Lecture</u> Dr. Pareshkumar Chandravadan Dave
12:30 to 1:30 p.m.	Lunch
1:30 to 2:45 p.m.	<u>Session-2: Invited Talk-1</u> Dr. Vinay Pandya
2:45 to 4:00 p.m.	<u>Session-3: Invited Talk-2</u> Prof. Man Singh
4:15 p.m.	Vote of Thanks

Eligibility: Research Scholars and Faculties

Registration Fees: Rs. 200/-

Last date of registration: 10th September 2018

For online registration visit: www.psshda.ac.in

About the Experts:

Dr. Pareshkumar Chandravadan Dave: Dr. Dave holds a Ph.D. degree from CSMCRI (Chemistry) & a PG Diploma in IPR from NALSAR University of Law. He has assisted corporates, start-ups & individual inventors in maximizing their IP potential & developing IP assets. He has drafted 300+ patent applications in USA, Canada, Australia, & India.

Dr. Vinay Pandya: Dr. Pandya is an Advocate, Patent & Trademark Attorney in Ahmedabad. He is a visiting faculty at Gujarat University. He has done his M.Sc. in medicinal and pharmaceutical chemistry from Gujarat University and holds a Masters in Law in IP Law.

Prof. Man Singh: Prof. Singh is Dean, School of Chemical Sciences, Central University of Gujarat. He has one US patent (Oscosurvismeter), two Indian patents (Visionmeter and NOSIA) & one Singapore patent (Survismeter). Survismeter is commercialized by Borosil, and is installed in IITs, NITs, CSIR labs, PDPU, Cadila Pharma. Ltd.. Visionmeter is helping visually handicapped students to perform wet lab chemistry experiments.
