Letter of Recommendation

To Principal
Department of Biotechnology
Pramukh Swami Science College
Kadi

I am writing this reference at the request of Ms. Rani Vyas who is pursuing B. Tech in Biotechnology and is applying as an intern to your esteemed institute/Company.

I have known her for past one years in my capacity as an Assistant Professor at "Amity Institute of Biotechnology, Amity University Mumbai". Rani gained good knowledge on the associated subjects Bioinformatics & Computational Biology" as well as "Molecular Modelling" and is found commendable. I found her keen to learn more on innovative concepts of Biotechnology and shown flair in learning more concepts.

An internship/training program will give her the much-needed boost to realize career goal and develop the required skills and techniques, which are vital in today's era of technological advancement.

In conclusion, I would strongly recommend Ms. Rani Vyas and wish her luck for her successful endeavor.

Sub: Agri Expo and Farmer's meet at Kadi Sarv Vishwavidyalay.

Dear Sir,

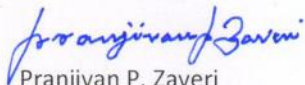

This refers to organization of Agri Expo and Farmer's Meet at your institute on 18-12-2016. About 11 companies attended and participated in the event from Gujarat State Seed Producers Association.

We wish to put on records our appreciation and thanks to you for making excellent arrangements for the farmers and participating companies in the Agri Expo. The facilities created were excellent for smooth conduct of display of new technologies on various agriculture inputs to educate farmers. The stalls, farmers meet and discussion was top class. We and all who attended enjoyed your hospitality of tea-snack, food and seating arrangements. All your staff was ever ready for any sort of help and cooperation. Please express my special thanks to your staff and students who did the excellent job. I have seen such arrangements at very few places for farmers elsewhere. This made the event a great success.

The most important being the institutes vision and interest to create awareness among farmers regarding latest technologies in agriculture for their welfare and to improve farm productivity in the region.

I would like to invite you to depute your faculties and students of Agriculture and Soil Science to visit my R&D farm at Village Jaspur (Kalol Taluka) in next 2-3 weeks to study our research activities in Crop Improvement which I believe would be useful for imparting practical training and exposure to students about seed improvement.
