# Four colleges sign MoU to improve education

MG Science Institute is among the colleges; one of the key areas of focus is students and teachers exchange programme, sharing of resources

**Krutika**  
k@dharmabharati.com  
90253 63000/90253 63001

**M**G Science Institute, one of the best colleges in the city, has signed a MoU with three other colleges to improve the standard of education in the state. The other colleges are Sarva Vidyalaya Kelvani Mandal (SVKM) of Kadi, Charutar Vidya Mandal of Anand, and Science College in Pilvat of Mehsana. The MoU was signed on Wednesday.

The key programmes planned under the MoU are the student and teacher exchange programmes, resource sharing and joint video conferencing between the institutes.

MG Science's Principal Dr. BK Jain said, "This is the first time that four colleges which have been accredited 'A' grade by NAAC have come together for the benefit of the students. Under the memorandum, we are focusing on improving the quality of education in science colleges that have not been categorized under A grade. There are only seven A grade science colleges in the state. We plan to change that. We will also be guiding and conducting training programs to improve education level in the state."

**XAVIER'S WILL ALSO SIGN MOU**  
According to Jain, three more colleges - Virani Science College of Rajkot, a college in Palanpur and St. Xavier's Science College in Ahmedabad will also join the MoU. "The process to include them has been already started and will soon observe the results," added Jain.

As per the MoU, the students of the colleges will be able to share libraries, laboratories and combine the campus placement opportunities.

Moreover, providing training and exchange programmes for the college faculties will be the memorandum's key focus aimed at improving the standards of professional courses in the department of natural and basic science.

Principal of SVKM Dr. Ajay Gaur said, "To encourage more number of students to pursue research and further studies in basic science is the memorandum's prime objective. We get enough grants from UGC and state government to provide for the students by developing more jobs and research opportunities, introducing skill development programmes and building virtual classrooms".

He added, "We are also introducing a programme under which scientists will visit the colleges to interact with the students."

The programme will also have scientists visit colleges to interact with students

### About Organizers

In the Year 1965 Science college was established and it has been developed gradually ever since. In the Year 1991 it received blessing of "Param Pujya Pramukh Swami Maharaj". Based on his name and charity fund the college is known as "Pramukh Swami Science College". After that the college started Arts faculty. In 1991, Shri Hargovinddas Memorial Trust, Mehsana gave financial support and it is known as "Hargovinddas Dhanabhai Patel Arts College". The expansion of educational opportunities provided by the Trust is phenomenal, fast and prolific. The trust believes in moving with time appreciating societal needs.

The NPCCSM offers many Undergraduate and PG Diploma programs leading to excellent careers as counselors, administrators, researchers, educational specialists, computer engineers, IT consultants, businessmen, executives, etc. The 'N. P. COLLEGE OF COMPUTER STUDIES & MANAGEMENT' offers numerous opportunities with highly cited faculties, college and laboratories. Our staffs are respected as leaders in a wide range of curriculum areas, as consultants to a range of colleges having national and international repute, and as facilitators of professional development pursuits. NPCCSM is one of the largest and most diverse colleges of its kind in the nation

### About Workshop
